

REMARKS**Reconsideration And Allowance  
Are Respectfully Requested.**

Claims 1-20 are currently pending. Claims 1 and 12 have been amended. No new matter has been added. No new claims have been added. No claims have been deleted. Reconsideration is respectfully requested.

Applicants would first like to thank Primary Examiner Jack Chiang for the courtesies extended during the telephone interview conducted on June 26, 2002. During the course of the interview, claims 1 and 12 were discussed as they relate to U.S. Patent Nos. 6,021,208 to Kin-Lung and 6,038,330 to Meucci, Jr. (which were recently located during an updated search conducted by Primary Examiner Chiang).

The amendments to claims 1 and 12 contained herein are believed to distinguish the claimed cellular telephone interface from either Kin-Lung or Meucci by defining that the driver and cover separate the front and rear chambers, and it is Applicants' opinion that amended claims 1 and 12 overcome the prior art of record. As such, Applicants respectfully request that the outstanding rejections be withdrawn.

Attached hereto is a marked up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "Version With Markings To Show Changes Made".

It is believed that this case is in condition for allowance and reconsideration thereof and early issuance is respectfully requested. If it is felt that an interview would expedite prosecution of this application, please do not hesitate to contact applicants' representative at the below number.

Respectfully submitted,

Howard N. Flaxman
